

## CONSTRUCTION PROFESSIONALS

**Deploy UK provide temporary and permanent staff for all sectors of the construction industry and we have teams that have industry experience and work as a single point of contact to ensure both candidates and clients receive a first class service.**

Our consultants have the enviable reputation of being the preferred recruitment provider for some of the UK's leading Construction firms and therefore have access to the latest vacancies. We recruit for a vast array of permanent and contract positions and some of the vacancies which we recruit for are:

- Site Managers
- Construction Managers
- Contracts Managers
- Document Controllers
- Project Managers
- Quantity Surveyors
- Estimators
- Site Engineers
- Planners
- Design Managers / Co-ordinators

We appreciate and understand the needs of both our candidates and clients alike and our consultants work in teams with each working in specific industries. The main construction sectors that we work in are construction management, trades and labour and project management.

Deploy UK are able to supply a comprehensive range of trades and labour and construction personnel anywhere in the UK either on a temporary, interim or permanent basis.

## CONSTRUCTION TRADES & LABOUR

The Trades & Labour Division of Deploy UK delivers personnel with all the specialist skills, experience and qualifications you need to make your construction project run smoothly. It doesn't matter how urgent your demand is, where in the UK you need us or how many personnel your project requires - we've got exactly the right people for the job as well as the support services to manage them seamlessly. Better still, our consultants really understand your day-to-day work, from speaking the jargon right through to knowing the qualifications and personality types that will make a particular individual a great addition to your team.

- Our specialist recruiters know the construction industry, its culture and its job roles inside out
  - Rigorous vetting means we only supply people with the perfect mix of relevant skills and right attitude
  - We fulfil one-off requests for a single individual right through to ongoing contracts for sourcing entire labouring gangs over multiple sites
  - We can deliver fully integrated recruitment solutions within all major frameworks including Master Vendor, Neutral Vendor and Preferred Supplier
  - Our nationwide network means we can recruit quickly and efficiently throughout the UK.
- We're able to supply a huge range of skilled workers in exactly the numbers you require, including all those listed below. If you can't see the specialist you need, call us - we'll know how to find them if they're not already on our books.
